

The Nationwide Mortgage Licensing System & Registry (NMLS) is the legal system of record for licensing of mortgage lenders/brokers, professionals or regulators in all participating states. It is the official and sole system for companies and individuals seeking to apply for, amend, renew and surrender licenses managed in the NMLS. It was created by the Conference of State Bank and the American Association of Residential Mortgage Regulators. The system has been built and maintained by FINRA (Financial Industry Regulator Authority).

NMLS identification number is the unique identifier assigned to every registered Mortgage Loan Officer (MLO) allowing consumers to search for Mortgage Loan Officers by the NMLS ID # and gain information about the Mortgage Loan Officer. You may visit the [NMLS Consumer Access page](#) to verify state licenses of a mortgage professional or mortgage company with whom business is conducted.
